## Senior Technician – Valves Department

At AAR Component Services Amsterdam, we are committed to maintaining the highest standards in aviation safety and component reliability. As a global leader in MRO solutions, we specialize in the repair and overhaul of complex aircraft components. Our Valves Department plays a critical role in ensuring the functionality and compliance of flight-critical pneumatic, hydraulic, and electro-mechanical systems.

We are currently seeking a **Senior Technician** to join our dedicated team in the Valves Department. In this role, you will lead and execute the inspection, testing and repair of a wide range of aircraft valves and related components. You will work in close collaboration with engineering, quality assurance, and production planning to ensure all work is performed in accordance with regulatory standards and customer requirements. This is a hands-on, detail-driven position for an experienced professional who thrives in a high-precision, safety-critical environment.

### Total rewards

As an AAR team member your rewards include:

- Competitive salary based on experience
- 8% holiday allowance and 7% end-of-year bonus
- Profit-sharing opportunities
- Flexible start time between 6:00 AM and 9:00 AM
- 26 vacation days + 3.5 additional ADV days
- Comprehensive pension plan
- Supportive team culture focused on growth and innovation

### Performance objectives

- **Technical leadership** – handles complex technical tasks independently
- **Mentorship** – supports knowledge-sharing and junior staff development
- **Accuracy** – delivers precise work in inspection, repair, and documentation

- **Standards compliance** – ensures adherence to industry and internal requirements
- **Initiative** – contributes to improvement projects and team efficiency

## Education and experience

- MBO level 4 or higher in mechanical or aerospace engineering
- Minimum 5 years' experience in valve overhaul or similar aerospace component repair
- Ability to read and interpret technical documentation
- Fluency in Dutch and English
- We are looking for a candidate who lives in The Netherlands, preferably in or near Hoofddorp.

## Why should you apply?

At AAR, “Doing it right” means putting quality, safety, and people first. You’ll be part of a global leader in aviation where your leadership makes a real difference every day.
