M2 Mechanic Licensed Technician

The position

We are looking for an M2 Mechanic Licensed Technician to be responsible for assembling, disassembling, and able to repair various mechanical, hydraulic and pneumatic systems. Other key responsibilities include:

- Detect structural, mechanical or hydraulic aircraft problems and adjust and repair the problems according to specifications, technical drawings, manuals and procedures;
- Repair and overhaul structural, mechanical or hydraulic aircraft systems;
- Install and modify aircraft engines or other aircraft systems such as mechanical and hydraulic systems, flight control, fuel systems and pneumatic systems;
- Dismantle airframes, engines or other aircraft systems for repair, return to a good condition, clean and reassemble them;
- Perform routine maintenance and report/write up defects and order parts;
- Check aircraft structural and mechanical systems and ensure that these systems meet the performance and safety standards of Transport Canada and AAR MRO Services Windsor;
- Monitor quality of operations, identify anomalies and make necessary corrections;
- Perform surveys of parameters; Read and interpret the parameters;
- Actively participate in AAR Aircraft Services Windsor's Safety Management System (SMS), including reporting safety hazards and incidents encountered in daily operations; understand and promote the company safety policy;
- Keep detailed reports on the repair, inspection and certification of aircraft;

Total rewards

As a team member, you receive:

- Licensed Pay Range \$30.98 to \$36.53/hr
- Applicable shift premium
- If granted ACA, pay range \$37.94 to \$46.49/hr
- Comprehensive benefits package
- RRSP Contribution – employee and employer
- Annual uniform and safety boot allowance
- Paid time off benefits, including 11 company paid holidays

- Third-party discounts
- Relocation assistance may be provided, if required
- Training and development opportunities and education assistance program
- Staff engagement and recognition events
- Endorsement Courses

Performance objectives

- **Teamwork** – collaborates with colleagues to achieve results and is also comfortable working independently
- **Building trust** – operates with integrity, discloses own positions, remains open to ideas, and supports others through dignity, respect, and fairness
- **Building relationships and partnerships** – develops and leverages relationships within and across teams to achieve results
- **Communication** – conveys information and ideas clearly and concisely to individuals or group in an engaging manner, helping them understand and retain the message
- **Quality orientation** – accomplishes tasks by considering all areas involved, no matter how detailed
- **Sound professional judgement** – applied to problem solving, analyzing and decision making

Education and experience

- Transport Canada 'M2' license
- Minimum 5 years' experience in Aircraft Maintenance
- 737 NG / Max and/or Embraer 170/190 endorsements an asset;
- Clear understanding of manufacturers and regulatory documentation, including Service Bulletins, Engineering Drawings, etc and ensuring a thorough application of technical documentation
- Meet the quality, cost and time commitments;
- Read drawings and be rigorous in the use and application of technical documentation;
- Clear understanding of Canadian Aviation Regulations (CARS)
- Extensive knowledge and skilled use of the tools of the trade and the processes to perform duties as assigned
- Master the use of complex equipment for testing;
- Must have own set of tools and toolbox (specialty and calibrated tools provided)

Why should you apply?

- AAR is the only aerospace / defense company on Forbes' America's Best Mid-Size Employers list.
- Our innovative and entrepreneurial culture encourages employee input in every aspect, from day-to-day activities to the company's future growth.
- Our learning and career development program affords employees a learning path with the necessary tools and resources needed to help build their career at AAR.
- We support non-profits and organizations that work to improve society in four primary areas: veterans and active military; education with an emphasis on STEM; health and wellness; and diversity / inclusion.

Working Conditions

- Work on the Hangar floor
- Shift work
- Overtime may be required
